Weeks Work May 18th–May 22nd

A chairde,

Hello everyone. We hope you are all still enjoying the weather.

This is our plan for this week. If you are moving on at a quicker pace don't hesitate to move on to the next chapter. Do what work you can and do not put yourself under pressure to get all of the work done.

Zoom: This weeks Zoom meeting

When:

Our next Zoom meeting is scheduled for Friday the 22nd of May at 11am.

Please note the following.

Purpose:

1. To enable us to have face time together as a class.
2. For us to be able to communicate with each other.
3. Project focus: The children will give an update on their projects

Remember There will be a prize for the best project and prizes for the runners up.

Maths: This week you should be moving on to the **Multiplication** chapter pages 21-24

Do questions from one page each day. So do questions from p.21 on Monday, then do questions from p. 22 on Tuesday etc...

Aim to do **30 minutes** of maths a day. You do not need to do all the questions on each page.

Tables: This week focus on your 11 multiplication and division tables.

Maths: Puzzle

1. Legs in the bus

1. *There are 7 girls on a bus.*
2. *Each girl has 7 backpacks.*
3. *In each backpack, there are 7 big cats.*
4. *For every big cat there are 7 little cats.*

How many legs are on the bus, not counting the driver?

2. How can these be equal?

How can these be equal?

In which meaning $1070 = 1110$?

3. Coconut trader

An intelligent trader travels from 1 place to another carrying 3 sacks having 30 coconuts each. No sack can hold more than 30 coconuts. On the way he passes through 30 checkpoints and on each checkpoint he has to give 1 coconut for each sack he is carrying. How many coconuts are left in the end?

Maths: Last weeks puzzles and solutions

Scoil Bhríde Sports Day Measuring Maths

At the school sports day, the children had a long jump competition.

Adeel jumped 4.54m

Zain jumped $\frac{1}{2}$ m further than Kacper.

Jala jumped 15cm further than Adeel.

Jannath jumped 0.6m further than Malak.

Mahmud jumped 23cm further than Jala.

Amina jumped $\frac{3}{4}$ m further than the 2nd place child.

Shakeem jumped $\frac{1}{4}$ m less than Mahmud.

Shada jumped 0.8m further than Shakeem.

Kacper jumped 0.15m less than Jannath.

Malak jumped 40mm less than Shada.

So, can you use the clues to write down who won and the other positions?

Extra: What was the average jump?

If each child had a second jump which was on average 10% further, what would be the average 2nd round jump?

Solutions; 1st Amina 8.13m, 2nd Zain 7.38m, 3rd Jannah 7.03m, 4th Kacper 6.88m, 5th Shada 6.47m, 6th Malak 6.43m, 7th Mahmud 5.92m, 8th Shakeem 5.67m, 9th Jala 4.69m, 10th Adeel 4.54m.

Average jump; total of all jumps equals 63.44m then divide by 10 and you get 6.344m

If you work out the last solution send it via Classdojo.

Geography:

Asia: During May we will focus on learning about the Continent of Asia. Your work this week is to work on pages 128-133 of your Mapwise.

The link below is a nice video on Asia.

Asia: For those of you who do not have an atlas. You will find the two maps on last weeks plan useful for completing your assigned work about Asia. You will need to zoom in on this image to read some of the writing. Asia is the largest continent in the world so it is hard for a map to fit on page.

History: Ancient China: During the month of May we will be learning about ancient China. Please click on the link below. It will enable you to access a video on ancient China.

Science:

This week we will continue to focus on

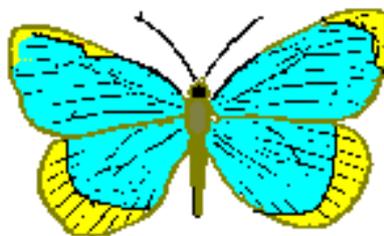

The Lifecycle of the Butterfly

You are probably still working on the life stages activity from last week. If you have completed this have a look at the link below.

If it is not possible to print out the stages sheets please try and recreate the grids
in your copy.

Religion:

This week please revise the Gifts of the Holy Spirit.

Gifts of the Holy Spirit

Wisdom

Let us judge things in the way that God does

Understanding

The gift that helps us to understand all that God has told us

Right Judgement

This gift helps us to know what to do especially when faced with really difficult situations

Courage

This gives us the strength to do what is right no matter how hard

Knowledge

This lets us see the world as it really is

Reverence

This gift gives us the power to love God and our neighbour as we should

Wonder and Awe in God's Presence

This gives us the power to remember the greatness of God and consequently gives us a horror of offending God who has loved us so much

Self Esteem; SPHE

Time Out

Try to take at least 10 minutes every day this week to practise your breathing. Be sure to find a regular time and a quiet place to focus. Your health and well-being are important, particularly during this strange time.

- Sit quietly on a chair with your feet on the floor and eyes closed (if you feel okay closing your eyes).
- Bring your attention to your body.
- Notice how the chair supports your body and notice your breathing.
- Notice the air coming into your body, through your nose and down into your lungs.

- Notice how your chest and tummy slowly rise and fall with each breath.
- Bring your attention to your left hand. Wiggle your fingers then make a fist. Hold it tight for 3 seconds then let it go. Do the same with your right hand.
- Tighten your right foot and hold for 3 seconds then release. Do the same with your left foot.
- Tighten your shoulders. Hold them. Notice how much energy it takes to hold them. Now relax.

Slow down

- Bring your attention to your face. Tighten your face, clench your jaw and hold it for 3 seconds, then relax.

- Focus on your breathing again. Your chest is rising and falling. Breathing in and breathing out.
 - Let any tensions that might be left in your body go out with your breath.
 - As you breathe in, imagine your body being filled with warmth and relaxation. Do this for around 30 seconds then focus on your breathing again.
 - Gradually start to focus on the noises in the room.
 - Slowly open your eyes.

Apple and Carrot Squares

Ingredients

4oz margarine/butter

4oz sugar

4oz self-raising flour/ Plain flour (you need baking powder for plain flour)

1 teaspoon baking powder

2 eggs

2 apples grated

Utensils

Weighing scale

Baking tray

Spoon

Grater

Mixing bowl.

Method

Make sure you have an adult with you.

1. Wash your hands with warm water and soap. Dry them.
2. Preheat the oven to 180 degrees.
3. Gather your utensils/ingredients.
4. Weigh the flour/sugar/margarine. Let the margarine/butter soften.
5. Wash, peel and grate the carrot and apples.
6. Put the margarine, eggs, sugar into a mixing bowl.
7. Sieve the flour into the bowl.
8. Mix the mixture until the margarine has no lumps and the mixture and it looks pale,
9. Sieve in a teaspoon of baking powder and mix the mixture again.
10. Add in the grated carrot and apple and mix gently from the bottom of the bowl.
11. Pour the mixture into a shallow baking tray. Put the mixture into the preheated oven.
12. Bake for 20 to 25 minutes.
13. Let it cool and cut into 20 slices.

Tips

- If you don't like carrot or apple, you can leave them out in the recipe.
- Get an adult to put a knife through the sponge in different areas. If it comes out clear, it is ready. If not, bake for another 5 minutes.
- I used a flat baking tray- half the size of a roasting tray.
